

Hightech

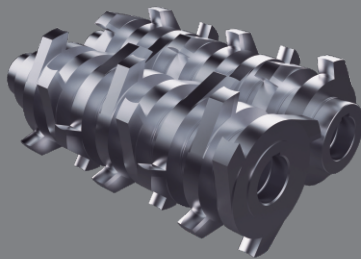

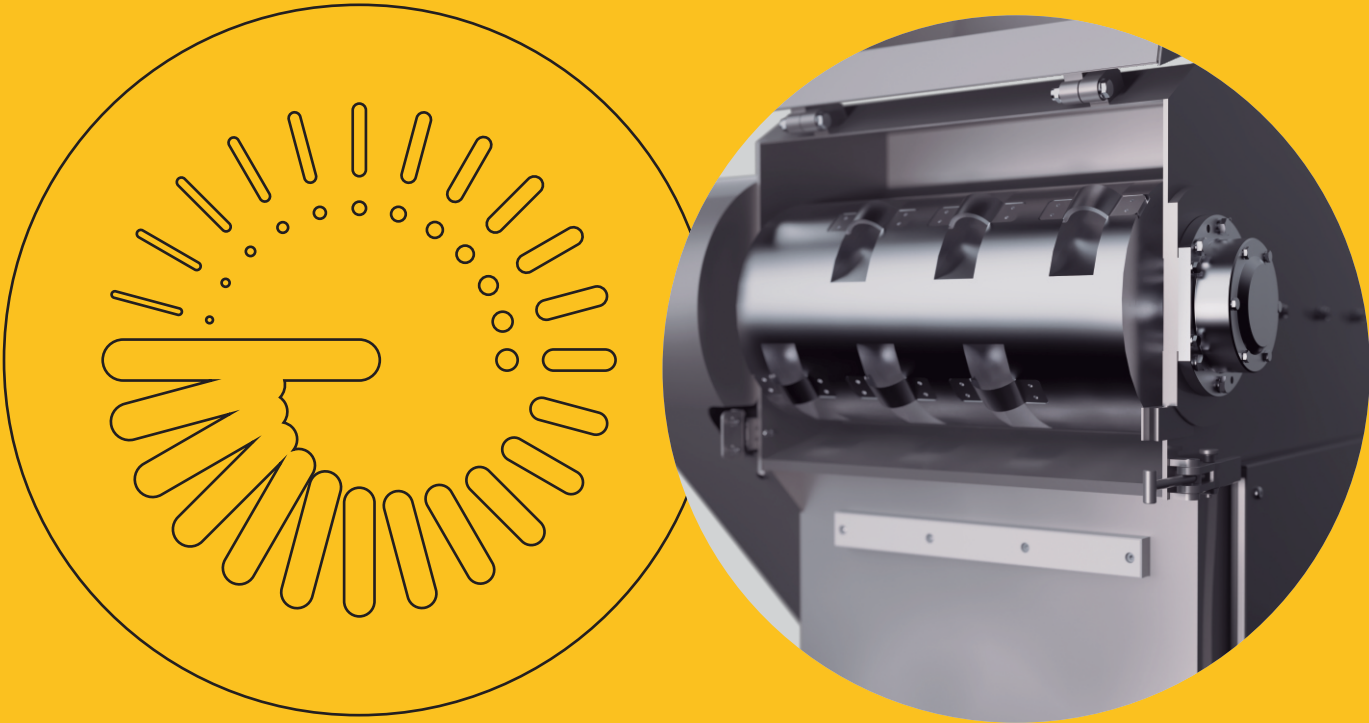

Breaker QD, QR, and QS

Guaranteed efficiency and quality, machines built to last.
We are committed to the best hygiene and maintenance practices.

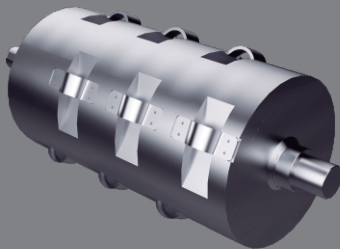

Functionality and durability in high performance.

The Hightech line of Breakers has been developed to handle a wide range of products, from breaking frozen blocks at temperatures below -5°C to breaking bones. Built with special steel knives, it guarantees durability and high performance.

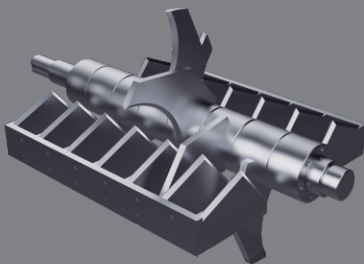

Double breaking shaft system

Configuration with double breaking shaft system option, with heat-treated knives to increase service life. This setup is suitable for breaking products such as bones and those with high hardness.

Interchangeable knives

Flaker configuration equipped with interchangeable knives for breaking frozen blocks. Made of heat-treated steel with high strength and greater durability.

Single breaking shaft system

Configuration with single breaking shaft system option, with central knives. This setup is suitable for breaking carcasses.

Applications:

Frozen blocks

(animal and plant proteins),

bones, and carcass

Breakers QD, QR, and QS Lines

Double Shaft Crusher QD

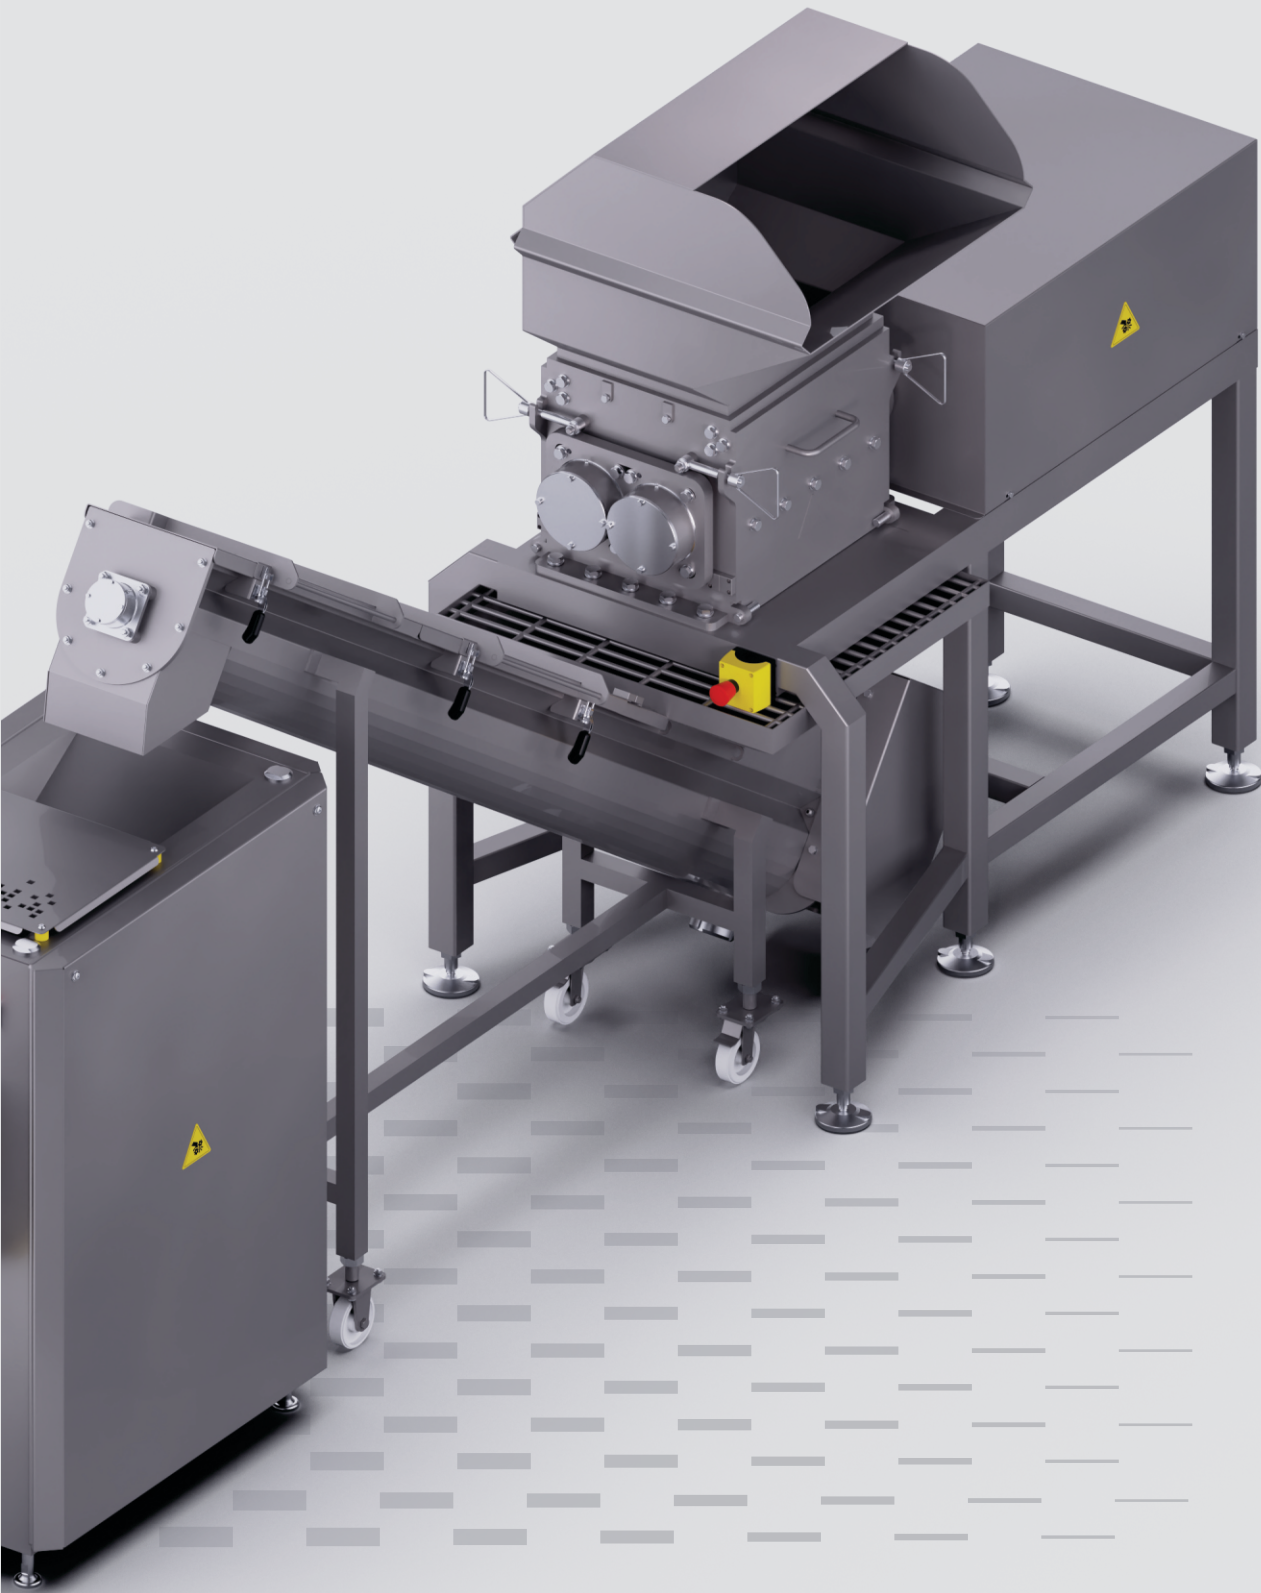

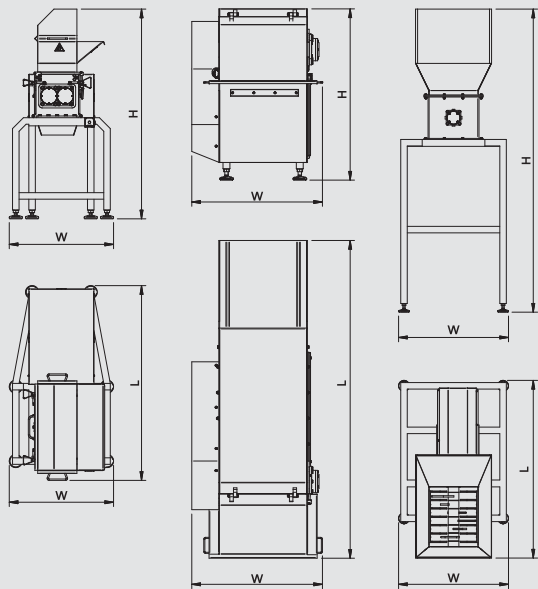

Model	Capacity (kg/h)	Dimensions (mm)	Power (kW)
QD 2.0	2000	L:1500 W:900 H:1810	5,5
QD 4.0	4000	L:1650 W:900 H:1920	9,2
QD 8.0	8000	L:1940 W:800 H:2000	18,5

Flaker QR

Model	Capacity (kg/h)	Dimensions (mm)	Power (kW)
QR 3.0	3000	L:1725 W:940 H:1700	11
QR 6.0	6000	L:2180 W:1370 H:1600	18,5
QRH 6.0	6000	L:2400 W:940 H:1300	18,5

Single Shaft Crusher QS

Model	Capacity (kg/h)	Dimensions (mm)	Power (kW)
QS 1.0	1000	L:1410 W:890 H:1300	3
QS 3.0	3000	L:1600 W:900 H:1500	4
QS 5.0	5000	L:1800 W:900 H:1600	5,5
QS 10.0	10000	L:2000 W:1000 H:1700	7,5
